

Axcess™ Multi-Media Tambour

High-volume media storage in
a locking tambour door cabinet.

from

Safely store all of your media in these space-saving cabinets

Store all types of media in a single locking cabinet.

MultiMedia Tambour Door Cabinets give you complete access to CDs, DVDs, VHS tapes, audio cassettes, jaz and zip disks, floppies and more — all in one cabinet! Sliding tambour doors retract into the cabinet walls saving valuable floor space. Keyed locking system keeps contents secure. Roll-out drawers extend fully to allow 100% access to media. Each drawer includes five dividers for organizing and can hold VHS tapes, Audio Cassette Tapes, CDs, or DVDs. All cabinets are available in the four colors shown below. Assembly is required.

40" Media Storage Cabinet.

Available in a 5-drawer unit, the 40" cabinet can hold a single type of media, or any combination. The adjustable bracket design allows you to position drawers in 1" increments to meet your specific storage needs or height of your media.

65" and 78" Cabinets offer higher-capacity and added storage.

Need even more storage space? The 7- and 8-drawer Media Cabinets have additional drawers and shelving space for securing other items such as binders and supplies.

The 65" Tambour Door Media Cabinet increases media capacity and comes with a shelf for additional storage. If you are storing exclusively CDs, select the 7-drawer cabinet. If storing DVDs or VHS tapes exclusively, choose the 8-drawer model for optimum capacity.

The 78" model features two storage shelves, and also comes in a 7- or 8-drawer configuration.

Item	Dimensions	Model No.
40" 5-Drawer Cabinet.	39"w 40"h x 18" dST405
65" 7-Drawer Cabinet.	39"w 65"h x 18" dST6571
65" 8-Drawer Cabinet.	39"w 65"h x 18" dST6581
78" 7-Drawer Cabinet.	39"w 78"h x 18" dST7872
78" 8-Drawer Cabinet.	39"w 78"h x 18" dST7882

VHS tapes & DVDs.
Each drawer can house up to 56 VHS tapes or 88 DVDs. An eight drawer cabinet can accommodate a total of 448 VHS tapes or 704 DVDs.

Audio Cassettes.
Each drawer can house up to 138 audio cassette tapes. An eight drawer cabinet can accommodate a total of 1104 cassettes.

Compact Disks.
Each drawer holds up to 168 CDs in jewel cases—336 in CD sleeves. Due to the added height of CDs use the 5- (40") or 7-Drawer (65" & 78") models if they will be used exclusively for CD storage.
