# WoodWorx Modular Wall System Displays and Organizes

WoodWorx Wall Organizers eliminate cluttered worktops as well as papers tacked or taped to your walls. Multiple components can be mounted side-by-side to create a "system", or used independently as your space permits.

The Organizer Board comes complete with a 10-pocket reference organizer that holds up to 20 letter size pages with compartments to hold paper clips, post-it notes business cards and more.

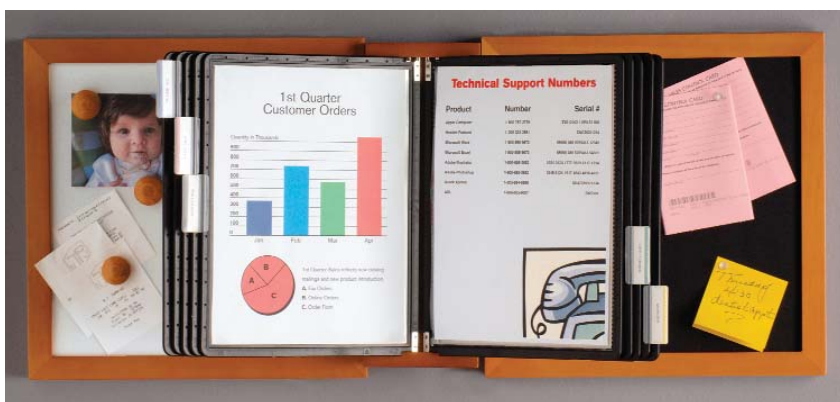

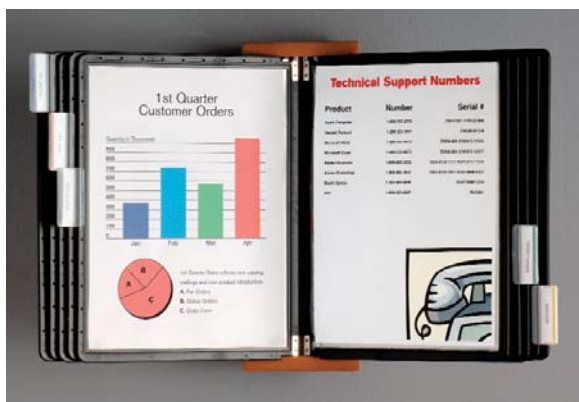

A Whiteboard, Wall File or Pinboard add even more versatility.

Six storage compartments hold pens, pencils, post-its, paperclips, business cards and more.

Organizer Board features 10 pockets to display 20 reference sheets, hooks for keys and multiple compartments to store your supplies.

## Reference Organizer Displays 20 sheets

The Reference Organizer mounts easily to a wall and provides the ability to display 20 sheets of frequently reference material. If additional pages are needed, simply place another unit on it's side. For added function, you can also place a Whiteboard, Wall File or Pinboard on either or both sides. Available in three finishes.
