

# Access™ Literature Displays

Quality Literature Displays  
that suit every need.

from mpsg

## Topline Mobile Literature Displays feature steel or acrylic shelves.

Literature display frames are constructed from all-steel oval tubing for excellent stability and finished with a durable, electro-statically applied silver coating for a high-tech look. Models are available with stylish perforated steel shelves, or economical steel reinforced clear acrylic shelves. Units with steel shelves come in 2- and 4-Wide models. Units with acrylic shelves are available in 2-, 3- and 4-Wide models.

All models feature four fixed-angle shelves which are 11<sup>3</sup>/<sub>4</sub>" deep with a 1<sup>5</sup>/<sub>8</sub>" lip to accommodate over-sized literature. A high-clearance of 13<sup>3</sup>/<sub>4</sub>" between shelves offers a clear view of the displayed materials. If needed, the distance between shelves can be adjusted to meet your specific needs. Heavy-duty casters provide smooth-rolling performance and lock to secure the display once in place. Assembly required.

## Fold-up Literature Displays have a unique, compact design.

The folding capability of these displays is perfect for doing exhibits on the road because the compact design is easy to transport. Clear acrylic bins and electro-statically applied silver paint make these displays attractive and functional.

When opened, the four bins rest at a slight angle so materials rest flush against the back. A 6<sup>1</sup>/<sub>4</sub>" high front panel on each bin keeps literature from curling or falling out.

Welded steel bases are weighted to provide very stable footing — even on carpeting. Rubber feet help protect from scratching floors. Integrated carry handle provides a comfortable grip and accents the design when opened.

Available in 1- or 2-Wide models to meet your needs. 1-Wide model has bins that measure 9<sup>1</sup>/<sub>4</sub>" w x 14" h x 1<sup>5</sup>/<sub>8</sub>" d. 2-wide model has bins that measure 18<sup>1</sup>/<sub>4</sub>" w x 14" h x 1<sup>5</sup>/<sub>8</sub>" d.

## Steel Mobile Literature Displays

67<sup>3</sup>/<sub>4</sub>" h x 16<sup>5</sup>/<sub>8</sub>" d

Model	Description
KN3481 . . . . .	.22 <sup>3</sup> / <sub>4</sub> " Wide, 4-Shelf Literature Display
KN3483 . . . . .	.36 <sup>1</sup> / <sub>2</sub> " Wide, 4-Shelf Literature Display

## Acrylic Mobile Literature Displays

67<sup>3</sup>/<sub>4</sub>" h x 16<sup>5</sup>/<sub>8</sub>" d

Model	Description
KN6314 . . . . .	.22 <sup>3</sup> / <sub>4</sub> " Wide, 4-Shelf Literature Display
KN6313 . . . . .	.28 <sup>3</sup> / <sub>4</sub> " Wide, 4-Shelf Literature Display
KN6315 . . . . .	.36 <sup>1</sup> / <sub>2</sub> " Wide, 4-Shelf Literature Display

## Add the amount of bins you need with our Literature Tower.

Unique tower design can accept up to ten display bins (sold separately). Bins can be hung on either or both sides of the tower, and rearranged in seconds without tools.

Steel tower has an attractive, powder-coated silver finish, and the clear acrylic bins provide a modern and stylish look to complement any office. Heavy weighted base provides stability.

Large Acrylic Bins measure 8<sup>3</sup>/<sub>4</sub>" w x 11<sup>3</sup>/<sub>4</sub>" h x 2<sup>1</sup>/<sub>4</sub>" d. Light assembly required.
